Company founder, designer and cabinet maker Mark Overton with over 39 years of experience, using different materials and finishes can make your ideal piece of furniture. Our aim is to provide you with furniture of the highest quality, designed and built to fit your requirements perfectly.

Each item we produce is a unique piece of bespoke furniture, designed for you - the customer, and handmade to your individual requirements. You have control over all aspects of the design: the style, size, choice of wood and finish are all for you to choose, this can be a great opportunity to express your creativity or if you wish, you can simply choose from a selection of designs we make and change the size to fit your requirements.

All of the furniture that we produce is handmade here in Yorkshire, using only the best of traditional and modern cabinet making techniques, to ensure a finished product of the highest quality and durability, materials are carefully selected from specialist suppliers to complement the design, and consideration is given during construction to utilize each piece of timber so as to best reveal the natural beauty of the chosen wood. If you have a requirement, large or small, for bespoke furniture or maybe just one of our standard pieces that combines design excellence with quality craftsmanship, then please contact us to discuss your requirement. Let us provide the perfect solution to your furniture needs.
